

INT. LIVING ROOM - DAY

SONIA (40), is laying face down on the couch, naked from the waist up, wearing a pair of black panties.

MARK (19), shirtless, in a pair of jeans is on his knees beside the couch, kissing her softly from the top of her neck, down to her panty line.

SONIA  
That tickles.

MARK  
Good.

He slides his hand between her legs and makes small sensual circles on her inner thigh, with the tip of his index finger. Small beads of sweat start to form on her neck and the muscles in her legs start to tremble.

He continues to kiss her all over her back, his lips barely making contact with her skin. And then he stops for a moment to look at the goosebumps forming on her skin.

SONIA  
I've really missed you.

MARK  
Oh yeah? How much?

She sits up and opens her legs and pulls him towards her so that he fits nice and snug between them. She wraps her arms around his neck.

SONIA  
More than I should probably admit.

She gives him a peck on his lips.

MARK  
(proudly)  
Glad you didn't forget about me.

She kisses him on one cheek, then the other. Then she starts to kiss him softly on his neck.

SONIA  
We don't have much time, you want to keep talking or you want to do something else.

MARK  
I...

Before he can finish she kisses him on the mouth again and then playfully bites down on his bottom lip and gives it a little pull and moans as she does it.

He cups both of her breast and massages each one in his hands.

She starts to undo his belt. Then with the other hand, she palms his face and pushes his head back until he's flat on his back. Then she starts to kiss his chest and delicately bite his nipple.

Then, just as his pants are around his ankles, they hear a car door shut. They both immediately sit up.

SONIA

Oh my God.

MARK

Oh shit!

They both jump to their feet and frantically start to get dressed. They can hear footsteps on the porch now.

SONIA

Hurry up, hurry up!

The front door opens.

LUKE (19) walks in carrying two grocery bags. Sonia is buttoning her last button as her and Mark are now sitting on opposite ends of the couch.

SONIA (CONT'D)

Hey, that was fast.

LUKE

I know. For once, they had more than two checkout lines open.

Sonia stands up and takes the bags from him.

SONIA

I'll go put these away.

LUKE

Thanks mom.

Sonia walks away and Luke sits down on the couch.

LUKE (CONT'D)

Everything cool?

MARK  
Yeah, for sure.

LUKE  
Good. Thanks for staying with her.

MARK  
No problem.

LUKE  
Okay, I'm gonna help her in the  
kitchen. When my dad gets home  
we'll start the movie.

Luke leans over and kisses Mark on the lips.

LUKE (CONT'D)  
Love you.

MARK  
Love you too.

FADE OUT.
